

**Recommendation letter
20.9.2018**

Atexor Oy is the designer and manufacturer of lighting systems in Finland. Products are used in hazardous areas all over the world. Our quality will be followed according very strict standards and approvals and are supervised by external approval companies as well as customers several times per year. We expect our partners also high quality and accuracy in designing, production and deliveries.

We can proudly recommend company Niviss to successful partner to your supply chain. Atexor Oy has done successful, mutual co-operation almost 10 years now. Niviss is supporting us with customer specific led solutions. Niviss is extremely effective, highly skilled, well performing and flexible company. We are sure that our co-operation will be continued and increased in the future.

I would be more than happy to give you more details if you would like. Call or email me.
