

INTRODUCTION SAVE ENERGY WITH NIVISS

The Pool Series was designed using modern simulation methods in order to obtain the highest product quality. Pool series fixtures are made of top-quality materials such as marine grade steel, high-purity glass for optical applications, and modern CREE® LEDs. Main features of Pool Medium Titanium Basket:

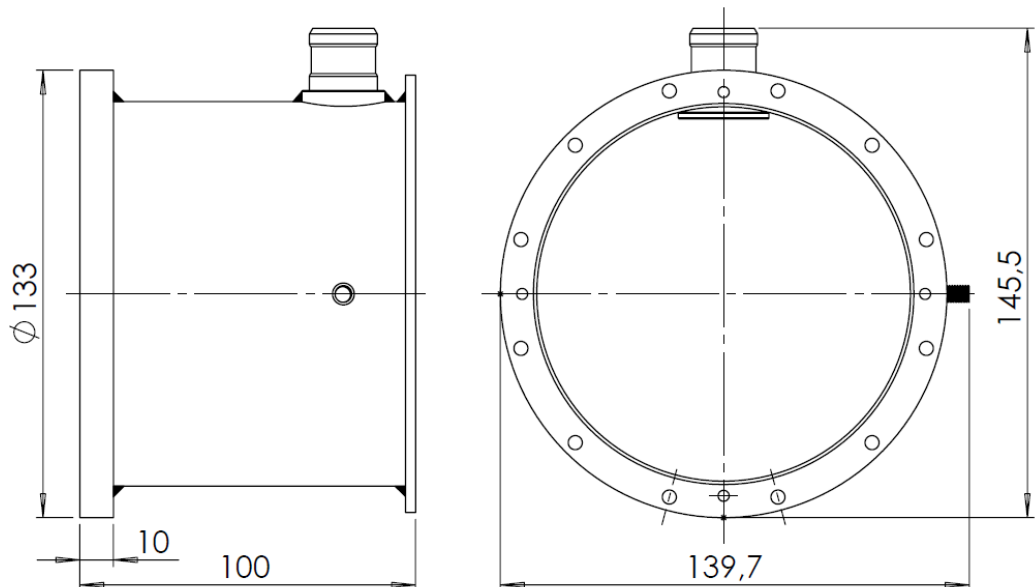

- Made of 316L steel
- Dedicated to steel and brick pools
- Compatible with Pool Medium Titanium Luminaries from Niviss Pool Series

APPLICATIONS The Pool Series fixture can be used for lighting many places and objects such as:

- Pool
- garden
- fountain
- square
- canal
- pond

It is prohibited to dispose of obsolete and waste electrical and electronic equipment together with regular household wastes. They should be properly sorted and recycled. Old electrical and electronic equipment should be returned to a waste collection point established by a waste-management service. Waste electrical and electronic equipment can be broken down to base materials and then recycled. For more information regarding waste management please contact your local authorities, waste-management service or the seller of electrical and electronic devices
